Hotel reservations must be made on your own, where ever you choose. We will be providing lunch on both days. All other meals will be your responsibility.

There is no charge for attending this Summit and we hope that most employers, agencies, teams, professional organizations and local funders would be able to pay your cost of travel. However, we can pay travel costs for two (2) people from each team – mileage, hotel room and food that we do not provide. We hope that teams will be able to bring more than 2 people. At the Summit check in table we will provide reimbursement forms for 2 people from each team.
